

Myth #1 : World-class scientists will not come to New Jersey

Joseph L. Mintzer

Executive Vice President & COO

Coriell Institute

New Jersey International Life Sciences Workforce
Summit

**Star Attraction: How Do We Attract
(and keep)
the Best and the Brightest?**

Joseph L. Mintzer
Executive Vice President
Chief Operating Officer
Coriell Institute for Medical Research

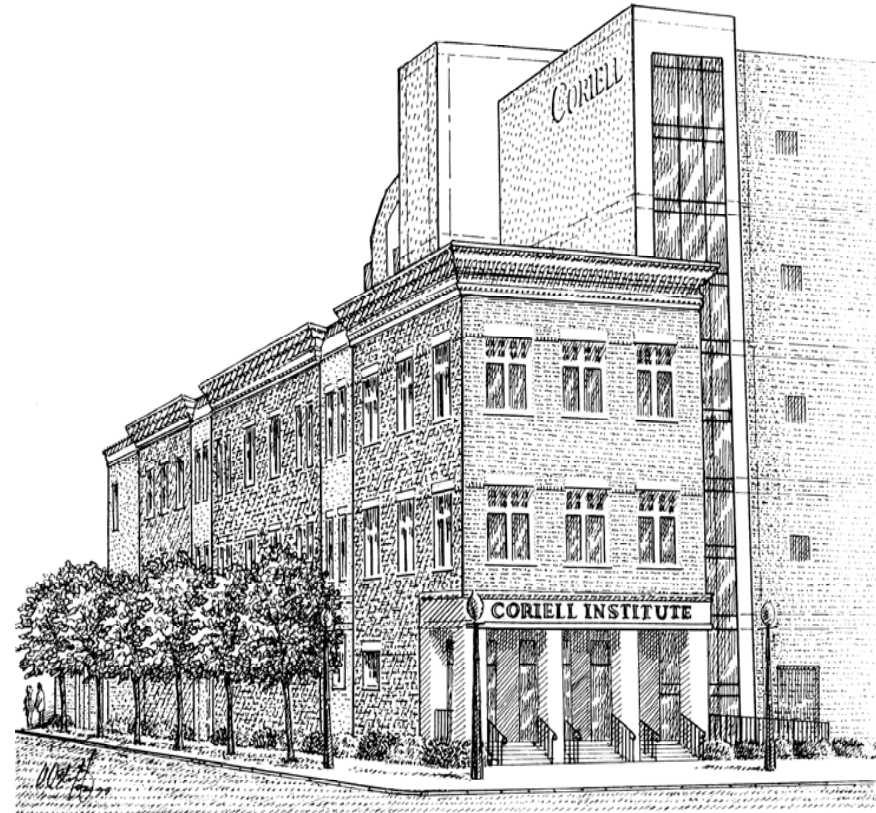

Founded in 1953

Private Not- for- Profit, 501(c) (3)
Corporation

Basic bio-medical research Institute,
committed to basic biological
research, biobanking, and education

Research focus: Genome Informed
Medicine, operationalized through
the “*Coriell Personalized Medicine
Collaborative (CPMC)*”

Home of the *Coriell Cell
Repositories* - the world’s largest
repository of living human cells for
use in research.

Ships and receives specimens from 40-60 countries annually

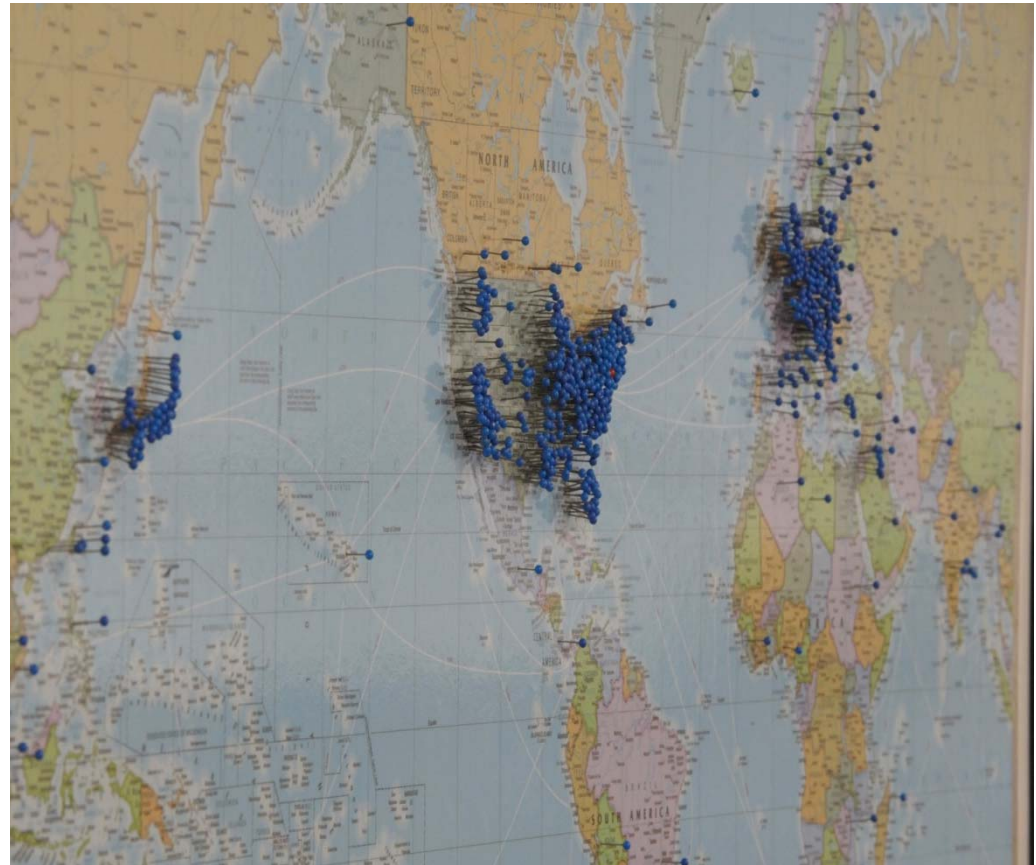

National Institutes of Health (NIH) sponsored Collections:

- National Institute of General Medical Sciences
- National Institute of Aging
- National Institute of Neurological Disorders and Stroke
- National Human Genome Research Institute

“Custodian” for these and fifty (50) other private collections, assuring compliance to the wishes of the collection sponsor.

Recognized for its uncompromising commitment to quality.

Recently closed on \$33M in NIH biobanking contract renewals

Debunking the Myth

Recruitment Success:

1. Dr. Michael F. Christman

- Title: President and Chief Executive Officer
- Undergraduate: UNC, Chapel Hill
- Graduate: UC, Berkley
- Post Doctorate: MIT

2. Dr. Norman Gerry

- Title: Director, Genotyping and Microarray Laboratory
- Undergraduate: Ithaca College
- Graduate: Purdue University
- Post Doctorate: Cornell University Medical College

3. Dr. Steven Madore

- Title: Director Molecular Biology
- Undergraduate: University of Massachusetts
- Graduate: SUNY, Stony Brook
- Post Doctorate: Duke

Debunking the Myth

Recruitment Success:

4. Dr. Courtney Sill

- Title: Director of Communications
- Undergraduate: UC, Santa Barbara
- Graduate: Boston University

5. Dr. Dorit Berlin

- Title: Principal Investigator, NIGMS Human Genetic Cell Repository
- Undergraduate: MIT
- Graduate: UC, Berkley
- Post Doctorate: Stanford

6. Mr. Scott Megill

- Title: Chief Information Officer
- Undergraduate: Drew University
- Graduate: Villanova University

Debunking the Myth

Recruitment Success:

7. Ms. Erynn Gordon

- Title: Director, Genetic Counseling
- Undergraduate: Lehigh
- Graduate: University of Pittsburgh

8. Ms. Pauline Javorski

- Title: Director, Human Resources
- Undergraduate: Holy Family University
- Graduate: Holy Family University

9. Dr. Catherine Stack

- Title: Biostatistician
- Undergraduate: MIT
- Graduate: Harvard (M.S)/Yale (Ph.D.)
